

Open up your lab and host a . . .

# GENE RESEARCHER FOR A WEEK!

The Gene Researcher for a Week program allows a high school student with an interest in genetics to join your lab and learn about life as a genetics researcher!

This fun mentoring opportunity will allow your lab to get engaged in your community and inspire the next generation of health researchers!

Become a host lab today!

To learn more, go to [www.grfaw.ca/](http://www.grfaw.ca/) and please contact the CIHR Institute of Genetics: [cihr-ig@mcgill.ca](mailto:cihr-ig@mcgill.ca)
