**Monday, May 15, 12:00 - 1:00 p.m.**
Pathology Scientific Lecture Series
X marks the spot
Dr. Léon C. van Kempen
Click here for more info

**Monday, May 15 at 1:00 p.m.**
Feindel Brain Imaging Lecture Series
Imaging brain amyloid and tau pathology in Alzheimer’s disease and other dementias
Dr. Pedro Rosa-Neto
Click here for more info

**Monday, May 15 at 4:00 p.m.**
Biochemistry and Pharmacology & Therapeutics Seminar Series
Investigating the molecular basis of muscular dystrophy diseases by single molecule imaging in cells and live animal models
Dr. Fabien Pinaud
Click here for more info

**Tuesday, May 16, 12:00 - 1:00 p.m.**
LDI Distinguished Lecture Series
LMO2 protein complexes driving hematopoietic cell fate and leukemogenesis
Trang Hoang, PhD
Click here for more info

**Tuesday, May 16, 12:15 - 1:15 p.m.**
Biostatistics Special Seminar
Marginal meta-analysis for combining multiple randomized clinical trials with rare events – Lessons learned from Avandia story
Yi Huang, PhD
Click here for more info

**Tuesday, May 16, 4:00 - 5:00 p.m.**
RI-MUHC Cancer Research Program Seminar
Building a translational research program in ovarian cancer
Anne-Marie Mes-Masson, PhD
Click here for more info

Wednesday, May 17, 8:00 a.m. - 9:00 a.m.
Pediatric Medical Grand Rounds
The Canadian congenital diaphragmatic hernia collaborative: Development of an evidence and consensus-based national clinical management guideline
Dr. Pramod S. Puligandla
Click here for more info

Wednesday, May 17 at 12:00 p.m.
Neuroscience Seminar Series
Fly vision and its application to neurological disease
Dr. Alex Wade
Click here for more info

Wednesday, May 17 at 12:00 p.m.
McGill University Research Centre on Complex Traits Seminar Series
Group 2 innate lymphoid cell memory: What and how do they remember?
Dr. Fumio Takei
Click here for more info

Wednesday, May 17, 4:00 - 5:00 p.m.
Metabolic Disorders and Complications Program Seminar Series
Molecular regulation of Muscle Stem Cell
Asymmetric Division
Dr. Michael Rudnicki
Click here for more info

Wednesday, May 17, 6:30 p.m. - 8:30 p.m.
Goodman Cancer Research Centre Public Forum
Mole vs melanoma: Can you spot the difference?
Today's Research for Tomorrow's Cure Presened by The Rosalind and Morris Goodman Cancer Research Centre

Wednesday, May 17, 10:00 - 11:00 a.m.
Inauguration of DOvEE West Island Satellite Clinic
In collaboration with the West Island Cancer Wellness Centre
Women 50+ are invited to meet with our experts to have their questions on ovarian and endometrial cancer answered. Light refreshments will be served.
Click here for more info

Wednesday, May 17, 12:00 - 1:00 p.m.
Infectious Diseases and Immunity in Global Health (IDIGH) Program Seminar Series
Investigating the source of Clostridium difficile infections using whole-genome sequencing
Dr. David Eyre
Click here for more info

Wednesday, May 17 at 6:00 p.m.
Council on Palliative Care Annual Sandra Goldberg Lecture
Lessons in living from the dying: Celebrating innovation in palliative care - Where next?
David Praill, BA
Click here for more info

May 17-18
Visiting Speakers Program in Oncology
Integrated diagnosis of lung cancer – How can we obtain all the useful diagnostic information with a small biopsy?
Dr. Ming-Sound Tsao
Click here for more info

Friday, May 19, 9:00 a.m. - 10:00 a.m.
Biostatistics Special Seminar
Hierarchical Bayes modeling of mediation through high-dimensional - Omics data
Duncan Thomas, PhD
Click here for more info

Tuesday, May 23 at 4:00 p.m.
Wednesday, May 24, 8:00 a.m. - 9:00 a.m.
Pediatric Medical Grand Rounds
Charlotte Laplante Branchaud Annual Lectureship
in Perinatal Endocrinology
Evaluation and management of persistent hypoglycemia in neonates and infants: How to find “The needle in a haystack”
Dr. Joseph Wolfsdorf
Click here then click on ‘May’ for more info

Wednesday, May 24 at 12:00 p.m.
Neuroscience Seminar Series
Internally organized mechanisms of the brain's navigation system
Dr. Adrien Peyrache
Click here for more info

May 24-26
28th Canadian Bioethics Society Annual Conference
Falling through the cracks: Equity, ethics and the challenges of vulnerability
This year’s conference, organized by the MUHC’s Centre for Applied Ethics, under the directorship of Dr. Eugene Bereza, will address the theme of intersecting vulnerabilities in all its complexity; from its conceptual foundations, to the need for practical responses. It will showcase tried and true as well as innovative ways of considering and addressing ethical issues associated with vulnerability.

Wednesday, May 24 at 11:30 a.m.
Anatomy & Cell Biology Seminar Series
Unexpected roles of 14-3-3 scaffolds in metabolism and metabolic disease
Dr. Gareth Lim
Click here for more info

May 24-25
Visiting Speakers Program in Oncology
What is timely treatment initiation in follicular lymphoma and why it matters?!
Dr. Pier Luigi Zinzani
Click here for more info

Thursday, May 25 at 4:00 p.m.
8th Annual Albert Aguayo Lecture
Hardwired circuits in the mammalian brain
Charles Zuker, PhD
Click here for more info

May 25-26
5th Community Social Pediatrics Symposium
Children’s vulnerability: Understanding and addressing health inequities
This international symposium is aimed at researchers, students and Health, Social Services and Law professionals wishing to contribute to the improvement of care and services offered to children from disadvantaged backgrounds.
