GRAPHOS

1-Credit, Pass/Fail Graphos courses

- Please inform your students
- Courses on academic writing and presenting at the graduate level

This fall, Graphos is offering [1-credit, pass/fail courses](#) designed to help students develop *clear and coherent manuscripts and oral presentations*.

Cornerstones of Academic Writing (CEAP 642)

Fundamentals of Academic Presentations (CEAP 652)

Literature Review 1: Summary and Critique (CEAP 661)

If English is not your first language and you are new to academic writing in English, please consider these specialised courses:

Strategies for Effective Communication in English (CESL 631)

Fundamentals of Academic Writing in English (CESL 641)

Pronunciation for Effective Communication (CESL 651)

[New for Winter 2018: Communicating Science to the Public \(CCOM 614\)](#). Registration is open now!

Doctoral students and many Master's students can take the courses without extra fees, thanks to the [University's tuition sponsorship program](#). Even if some of our courses appear to be full, we encourage students to attend the first class meeting and check Minerva for an open space. Students often register for several courses to hold their spot, and then keep only one or two courses for the term.

If you have questions about these courses or other Graphos and McGill Writing Centre offerings ([workshops](#), [peer writing groups](#), [writing retreats](#), [tutorial service](#)), please contact us at graphos@mcgill.ca.

Kind regards,
Dr. Yvonne Hung
