

## Department of Human Genetics

### Call for Nominations for 2017-2018 Clinical and Research Faculty Teaching Awards

Since 2008, the Department has administered Teaching Awards in recognition of outstanding contributions in the teaching, supervision and/or mentorship of students to one member of the clinical and one member of research faculty.

Past recipients include:

Clinical Award: Nora Wong (2008-09); Serge Melancon (2009-10); Alessandra Duncan (2010-11); David Rosenblatt (2011-12); Stephanie Fox (2012-13); Walla Al-Hertani (2013-14); Laurence Baret (2014-15); Maria Daniela D'Agostino (2015-16); Laura Palma (2016-17)

Research Award: Aimee Ryan (2008-09); Indra Gupta (2009-10); Jacek Majewski (2010-11); Patricia Tonin (2011-12); Ken Dewar (2012-13); Eric Shoubridge (2013-14); Celia Greenwood (2014-15); Yann Joly (2015-16); Carl Ernst (2016-17)

On behalf of the Department, the Faculty Awards Committee is seeking nominations for this year's award.

#### Nominating Process

Anyone in the Department – faculty, staff, students, residents, and fellows – may submit a nomination. Nominations may be submitted by individuals or by groups (e.g. students of Professor X). Contributions to consider may include:

- Supervision of graduate students and post-doctoral fellows;
- Supervision of clinical rotations for Medical Genetics fellows, residents, genetic counselling students or medical students;
- Teaching in undergraduate and/or graduate courses, in Medical School and Genetic Counselling Program courses, lectures, small group sessions, practical sessions, or other formal type of teaching;
- Supervision of a student's Independent Studies project, graduate thesis, or participating in an examination or thesis committee; and/or

The Faculty Awards Committee will review the applications in June. Awards will be presented at the annual Graduate Student Orientation session, which is usually held in late August. Nominators (or a delegate) are expected to participate in the presentation of the awards.

**To nominate a candidate, please complete the attached nomination form by Monday, May 7<sup>th</sup>, 2018 and send it to:**

Ross MacKay  
[ross.mackay@mcgill.ca](mailto:ross.mackay@mcgill.ca)

We hope that all members of the Department will give serious consideration to nominating one or more of their outstanding colleagues, teachers and mentors.

On a final note, we would again, like to extend our congratulations to the 2016-17 recipients:

**Laura Palma (Clinical Award)**  
**Carl Ernst (Research Award)**

Thank you,

The Faculty Awards Committee:  
Yann Joly (Chair)  
Celia Greenwood (Basic Science Faculty Representative)  
Daniela D'Agostino (Clinical Faculty Representative)  
Mehdi Yeganeh (Medical Genetics Representative)  
Genelle Harrison (Human Genetics Student Society Representative)
