

GRADUATE TRAVEL AWARD REQUEST FORM On behalf of the Graduate Training Committee

The Graduate Training Committee is now soliciting applications for Graduate Travel Awards. The average award size will depend on requests and are relative to available funds; however, they will be approximately \$1,000 CAD.

Please fill out the following sections of this form and submit to the Student Affairs Advisor, Ross Mackay at ross.mackay@mcgill.ca by the application deadline: January 20, 2019

Name: _____
McGill ID #: _____ McGill Email Address: _____
Degree and year: M.Sc. Ph.D. Expected Year of Graduation: _____
Name of Supervisor: _____

Have you previously received graduate travel funds? Yes No
If yes, indicate the most recent year: _____

Travel awards are not just for research. They could be used for (as examples) learning about research techniques, visiting another lab to collect data with specific tools or expertise available in the host lab, or international workshops.

Check the box below that best describes the activity you are to undertake:

- | | |
|--|---|
| <input type="checkbox"/> Presenting Talk/Poster at a National Conference | <input type="checkbox"/> Attending National Workshop |
| <input type="checkbox"/> Presenting Talk/Poster at an International Conference | <input type="checkbox"/> Attending International Workshop |
| <input type="checkbox"/> Visiting Another Lab / Learning Research Techniques | <input type="checkbox"/> Other |

Provide a brief description regarding the selected activity, which should include: name, location, date and detailed cost breakdown. Supervisor acknowledgment and support of your attendance will be requested.

If attending a national or international conference, you will need to submit an abstract along with this application. All applications for travel must be held between September 1, 2018 and August 31, 2019. This means you may have already attended the activity and are requesting reimbursement. If this is the case, proof of payment will be required as supporting documentation.

Should you wish to apply to the Annual Canadian and Human Statistical Genetics Meeting, you must submit an application under this Graduate Travel Award Request.
