WHY ROLL THE DICE?

What’s hidden in your Jewish genes?

Nov. 18th, 2019 7:00 PM
JPPS-Bialik 6500 Ch. Kildare, CSL.

Distinguished panelists will provide insight and guidance on your questions about the medical, ethical, legal, and halachic aspects of our unique « Jewish genes » including:

- What are the chances that you are a carrier?
- How can you reduce the health risks to you and your children?
- What’s the difference between BRCA and a condition like Tay-Sachs?
- What are your options to get tested?
- What are the pros and cons of direct-to-consumer genetic testing?
- Does Jewish halacha allow testing?

You will leave with tools that will help you make informed decisions on your family’s genetic health.
