September 25 - October 8

Monday, September 25, 12:30 – 1:30 p.m.

JGH Medical Grand Rounds

Third Annual Department of Medicine Clinical Research Symposium

I. Management of pleural infections

Dr. Lama Sakr

II. Clostridium difficile asymptomatic carriers; containing what lies under the water

Dr. Yves Longtin

III. Gait analysis in the elderly: Interests and perspectives

Dr. Olivier Beauchet

Click [here](#) for more info

Tuesday, September 26, 12:00 – 1:00 p.m.

MUHC Medical Grand Rounds

The future of patient safety at the MUHC

Dr. Emily McDonald

Click [here](#) for more info

Tuesday, September 26, 3:30 – 4:30 p.m.

Biostatistics Seminar

Propensity scores and the Bayesian approach to emulating randomised trials

James Young, PhD

Click [here](#) for more info

Wednesday, September 27, 12:00 - 1:00 p.m.

CPD/CME Wednesday E-Learning Series

(WELS): Webinar only

Neurology

Functional neurological disorders

Dr. Jessica Kovitz-Lensch

Click [here](#) then scroll down for more info

Wednesday, September 27, 12:30 – 2:00 p.m.

Institute for Health and Social Policy Seminar

Monday, September 25, 4:00 – 5:00 p.m.

Epidemiology Special Seminar

Economic empowerment, adolescent well-being and pathways of impact

Tia M. Palermo, PhD

Click [here](#) for more info

September 25 – October 2

Osler Library Exhibition & Vernissage

The gendered cultures of beer and cheese: The regulation of human and microbial bodies on the home and industrial scales, 1616-2017

There is a fascinating new exhibition at the Osler Library comprised of medical texts, cookbooks, training manuals and industry documents that showcases the ways in which advice about best fermentation practices has changed over time. A *vernissage* will take place on Friday, September 29, 6:00 – 8:00 p.m.

Wednesday, September 27, 8:00 a.m. – 9:00 a.m.

Pediatric Medical Grand Rounds

Our Trauma Centre: Yesterday, today and tomorrow

Debbie Friedman, B.Sc, Ph.T., M.Mgmt

Click [here](#) for more info

Wednesday, September 27 at 12:00 p.m.

BRaIN (Brain Repair and Integrative

Neuroscience) Seminar Series

Harnessing physiological signals to enhance the personhood of non-communicative individuals

Dr. Stefanie Blain-Moraes

Click [here](#) for more info

Wednesday, September 27, 4:30 – 6:00 p.m.

IHSP & SSOM Seminar

Culturally based equity for children: A cornerstone for reconciliation

Prof. Cindy Blackstock

Click [here](#) for more info

Thursday, September 28, 12:00 – 1:00 p.m.

Centre for Applied Mathematics in Bioscience and Medicine (CAMBAM) Seminar

Excess false positives in negative-binomial based analysis of data from RNA-Seq experiments

Dr. David Rocke

Click [here](#) for more info

Thursday, September 28, 4:00 – 5:00 p.m.
Metabolic Disorders and Complications Program Seminar Series

Parathyroid hormone-related protein: A new target in tumor progression and metastasis

Dr. Richard Kremer

Click [here](#) for more info

Thursday, September 28, 6:30 p.m. - 8:30 p.m.

CPD/CME Thursday Evening Learning Series (TELS): Face-to-Face and Webinar

Cyberdependence and other behavioural addictions

Magali Dufour, PhD

The conundrum of designer drugs: Buyer beware

Joe Schwarcz, PhD

Friday, September 29, 12:00 – 1:00 p.m.
Medical Physics Seminar Series

Investigation of multi-energy CT for proton therapy applications

Esther Bar & Arthur Lalonde

Click [here](#) for more info

Friday, September 29, 2:00 – 3:00 p.m.
Global Health Seminar

From Geneva to the village and back: The uses of global health language in everyday life

Anat Rosenthal, PhD

Click [here](#) for more info

Thursday, September 28, 12:30 – 2:00 p.m.

Family Medicine Research Seminar

Marginalized women and their health care providers' views of published evidence on perinatal outcomes in Montreal and Ottawa

Ms. Anna Dion

Click [here](#) for more info

Thursday, September 28, 6:30 p.m. - 8:30 p.m.

Ludmer Centre Public Lecture

Alzheimer's & dementia research powered by big data

We now know that Alzheimer's and dementia are a complex interaction of age and gender, genetics and epigenetics, environment and lifestyle. There is no single causal factor. Today, large datasets and big-data analysis are crucial to advancing research and treatment.

Friday, September 29 at 11:00 a.m.
Physiology Seminar Series

Internally organized mechanisms of the brain's navigation system

Dr. Adrien Peyrache

Click [here](#) for more info

Friday, September 29, 12:00 – 1:00 p.m.
Epidemiology Special Seminar

Data for health services research: The good, the not-so-good and the messy

Dimitra Panagiotoglou, PhD

Click [here](#) for more info

Global polio eradication and the endgame: An update

Dr. Ananda S. Bandyopadhyay

Click [here](#) for more info

Monday, October 2, 4:00 – 5:00 p.m.

Epidemiology Seminar Series

Epidemiology and prevention of cardiometabolic disease in global perspective: A journey from the Mediterranean region to Canada

Dr. Saverio Stranges

Click [here](#) for more info

Tuesday, October 3, 12:00 – 1:00 p.m.

MUHC Medical Grand Rounds

10 things Radiologists wish other physicians knew

Dr. Benoit Gallix

Click [here](#) for more info

Tuesday, October 3, 3:30 – 4:30 p.m.

Biostatistics Seminar

Mortality analyses in the UK Collaborative Trial of Ovarian Cancer Screening (UKCTOCS)

Steven Skates, PhD

Click [here](#) for more info

Wednesday, October 4, 12:00 - 1:00 p.m.

CPD/CME Wednesday E-Learning Series

(WELS): Webinar only

Gastroenterology

Biologics and immunosuppressive therapies in IBD:

A primer

Dr. Waqqas Afif

Click [here](#) for more info

Wednesday, October 4, 7:00 p.m. – 8:00 p.m.

Dr. Yves Clermont Lecture

The time-space continuum of spermatogenesis

Dr. Bernard Robaire

Click [here](#) for more info

Thursday, October 5, 12:00 – 1:00 p.m.

Centre for Applied Mathematics in Bioscience and Medicine (CAMBAM) Seminar

Theoretical and experimental analyses of cell motility initiation and turning

Dr. Alex Mogilner

Click [here](#) for more info

Thursday, October 5, 4:00 – 5:00 p.m.

Metabolic Disorders and Complications Program Seminar Series

Monday, October 2, 12:00 – 1:00 p.m.

Pediatric Research Seminar

Instrumented gait analysis in children with CP and how physical exercise can impact gait efficiency using adapted conventional exercise or active video game exercise

Laurent Ballaz, PhD

Click [here](#) for more info

October 2-3

Advanced Seminar on Critical Qualitative Health Inquiry

Experienced qualitative researchers are invited to participate in a special 1-day symposium to share insights, reflections and strategies on current issues in critical qualitative inquiry so that together we can advance our thinking and application in health and healthcare.

Keynote speakers: Joan Eakin & Paula Gardner

Click [here](#) for more info

Wednesday, October 4 at 12:00 p.m.

BRaIN (Brain Repair and Integrative

Neuroscience) Seminar Series

Assembly of motion-selective circuits in the retina

Dr. Arjun Krishnaswamy

Click [here](#) for more info

Wednesday, October 4, 12:00 – 1:00 p.m.

IDIGH Program Seminar Series

Some current challenges in pharmacoepidemiology

Dr. Robert W. Platt

Click [here](#) for more info

Thursday, October 5, 11:30 a.m. – 12:30 p.m.

Infection & Immunity Seminar Series

New signaling pathways in T-cell biology

Dr. Christopher Rudd

Click [here](#) for more info

Thursday, October 5, 3:00 – 5:00 p.m.

Global Mental Health Speaker Series

Decolonization and diagnosis in Nigeria: A historical appraisal of transcultural psychiatry in Nigeria

Matthew Heaton, PhD

Click [here](#) for more info

Thursday, October 5 at 4:00 p.m.

The Fourth Annual Theodore L. Sourkes Lecture in Neuropharmacology

Building and repairing the nervous system with stem cells

Molecular mechanisms responsible for muscle/bone crosstalk

Lynda F. Bonewald, PhD

Click [here](#) for more info

Thursday, October 5, 7:30 p.m. - 8:30 p.m.

CPD/CME Thursday Evening Learning Series

(TELS): Face-to-Face and Webinar

Endocrinology and metabolism

Hyperthyroidism

Dr. Michael Tamlia

Click [here](#) for more info

Friday, October 6, 12:00 – 1:00 p.m.

Medical Physics Seminar Series

Characterization simulations for blood radiobiology irradiations using a thermal neutron beam at the National Research Universal Reactor

Richard B. Richardson

Click [here](#) for more info

Prof. Freda Miller

Click [here](#) then scroll down for more info

Friday, October 6 at 11:00 a.m.

Physiology Seminar Series

Molecular Pharmacology of CFTR

Dr. Tzyh-Chang Hwang

Click [here](#) for more info

Should you have an event to include in Med Events, please send the **web link** with all details (date, time, location, event title and contact information) at least 3 weeks prior to the event.

Note: due to the large volume of requests that we receive, events will be included on a first-come, first-served basis.

Send requests to: med-events.med@mcgill.ca
